Skills

- Full-Stack Development
- Mobile Application Development (Android)
- AI-driven Software Development (reading)
- Interpersonal & Team Skills
- Communication Skills

Language

- Sinhala
- English

Licences & Certifications

- Agentic AI Development Workshop (iCET Campus) - 2026
- DevOps Workshop (iCET Campus) - 2026
- The Queen's Commonwealth Essay Competition 2022 - Silver Award

About Me

Software Engineering undergraduate at Institute of Computer Engineering Technology (iCET), and a passionate Mobile & Enterprise Developer. Over the past year, I've engineered end-to-end systems using Spring and Spring Boot, handling everything from front-end interfaces to database architecture, bridging the gap between engineering and art by designing intuitive, calming UI/UX experiences. Currently expanding expertise into AI-driven software systems and autonomous agentic workflows.

Education

- **iCET Certified Master (ICM) & Diploma (ICD)**
Institute of Computer Engineering Technology 2025 - Present
- **Cambridge ESOL Certificate**
Cambridge University 2023 - 2024
KET (Key English Test), and PET (Preliminary English Test)

Other Activities

- **Arcadia Game Design Workshop**
NIBM World Wide June 2026
Participated in Arcadia Game Design Workshop organized by IEEE Student Branch of NIBM.
- **GitHub Copilot Dev Days - Colombo (2026)**
NIBM World Wide March 2026

Experience

- **Full-Stack & Mobile Application Developer (Android)**
Institute of Computer Engineering Technology 2025 - 2026
Developed Full-Stack Applications mainly using Java, and Spring Boot, and an Android 'Pomodoro Timer' application called 'Tide' using Flutter and Firebase.
